

The Mangrove Lodge supports the first dispensary, donation from England

A SMALL CLINIC READY IN CHUINI - ZANZIBAR

15TH MAY 2013

Lyn & Paul stay at the Mangrove Lodge in March 2013 and visited the Chuini village. The Dispensary was only a building, no money left to finish the project. They decided to help and in May made the first donation.

The Mangrove Lodge is proud to be in charge of the completion of the clinic.
This shared dream has united new friends with the same passion:
educating and saving lives

Haji and Marina have organized workers, bought materials, visited other clinics in Zanzibar to get advice and sample. A challenging project.

The Mangrove Lodge supports the first dispensary, donation from England

A SMALL CLINIC READY IN CHUINI - ZANZIBAR

15TH JUNE 2013

The building is ready now and doctors work. It is a primary clinic, the first check of the patients' conditions and prevention of diseases. Equipment and regular supply of drugs is now the challenge. The government of Zanzibar can not do much.

PACK FOR A PURPOSE

When coming to Zanzibar please do not forget a small space in your luggage to provide supplies to Chuini's community. The new dispensary and school need all types of drugs, first aid kits, bandage, syringes and gloves, medical items and tools, clothes and shoes for babies, children and adults, books, bags ...
